Millennium Cohort Study
Sweep 3
Questionnaire documentation

Prepared for the Centre for Longitudinal Studies, Institute of Education
by the National Centre for Social Research

September 2008

P2533

Contents

Introduction **1**
1.1 Structure of the questionnaire 1
1.2 Features of the documentation 1
1.2.1 Module 1
1.2.2 Questions and answers 1
1.2.3 Routing instructions 2
1.2.4 Textfill 3
1.2.5 Checks 3
1.2.6 Help screen 3
1.2.7 The Code Book 4
1.2.8 Income information and unfolding brackets 4
1.3 Example: documentation 5
1.4 Example: help screen 6
1.5 Example: code book 6
1.6 Example: checks 7
OTPM 7

Questionnaire Documentation **9**

HOUSEHOLD QUESTIONNAIRE (HHQRE) **11**

CHECK HH1 13

| CHECK HH22-HH27 24

CHECK HH33-HH34 26

CHECK HH35-HH36 26

| CHECK HH37 31

FAMILY CONTEXT (FC) **37**

| CHECK FC 7 53

| CHECK FC 10 60

| CHECK FC 10 60

EARLY EDUCATION, SCHOOLING AND CHILDCARE (ES) **67**

CHECK ES7 78

| CHECK ES10 82

CHECK ES45 132

CHECK ES46 133

CHECK ES48 134

CHILD AND FAMILY ACTIVITIES AND CHILD'S BEHAVIOUR (AB) **135**

CHECK AB3 142

PARENTING ACTIVITIES (PA) **143**

CHILD HEALTH (CH) 149

CHECK CH7 155

CHECK CH10 174

CHECK CH16 179

PARENT'S HEALTH (PH) 181

EMPLOYMENT, INCOME AND EDUCATION (EI) 191

| CHECK ELA7 202

CHECK ELC4 229

HOUSING AND LOCAL AREA (HA) 237

CHECK HA2 240

CHECK HA4 244

CHECK HA5 244

OTHER MATTERS (OM) 247

SELF-COMPLETION (SC) 253

OLDER SIBLINGS (OS) 283

CONSENTS AND UPDATES TO SAMPLE INFORMATION (Z) 297

PROXY PARTNER (PX) 305

COGNITIVE OBSERVATIONS (HO) 337

CHECKS 341

CHECKS: HOUSEHOLD QUESTIONNAIRE (HH) 343

IF year when person stopped living with cohort child(ren) is answered [PSPY=RESPONSE] **..... 348**

[PREB=7, PSEX=2] **..... 350**

IF the relationship to cohort child(ren) is sibling or half sibling [PREB=11,12] **..... 350**

IF the relationship to cohort child(ren) is adoptive or foster parent [PREB=8,9] **..... 350**

IF start of current period of living here with child(ren) is answered [PSTY, PSTM =RESPONSE] **..... 354**

IF start of current period of living here with child(ren) is answered [PSTY =RESPONSE] **..... 354**

[CABD =RESPONSE] **..... 355**

CHECKS: FAMILY CONTEXT (FC) 357

CHECKS: EARLY EDUCATION, SCHOOLING AND CHILDCARE (ES) 367

END CHECK 371

| *383*
| *IF more than two important factors in choosing which school to apply to were* 383
| *answered AND the most important factor is answered* 383
| | *[SOFC>=2, SOFM= Response]* 383
| *IF more than two important factors in choosing school to apply to were answered*. 385
| *AND the most important factor is answered [RSCC>=2, RSCM= Response]* 385

Introduction

The Millennium Cohort Survey, Sweep 3 (MCS3) was carried out using computer assisted personal interviewing (CAPI) and computer assisted self-interviewing (CASI). The survey instrument is a computer program written in a software package called Blaise. This document is a paper representation of this computer program.

1.1 Structure of the questionnaire

This paper representation covers the following sections of the CAPI questionnaire for MCS3: household questionnaire, main respondent interview, and partner interview (or proxy partner interview).

The household questionnaire was the first section of the CAPI and would have been completed in all productive cases. It was completed by the main respondent or partner from the previous sweep, or by any resident parent/carer if neither were present. Information about the household members and availability for interview were collected in this section. At the end of this section, the CAPI would determine which household member was the main respondent and which was the partner respondent.

The household member selected for the main respondent interview was one parent of the cohort child(ren), usually the mother, or carer. The main respondents received a CAPI and CASI questionnaire that included questions about their child(ren), themselves and the household situation.

The partner interview was a shorter CAPI and CASI questionnaire to be completed by the partner of the main respondent, usually the cohort child's father or father-figure. On occasions where the partner was not available for the entire fieldwork period or incapable of completing an interview, the interviewer was directed to conduct a proxy partner interview.

1.2 Features of the documentation

1.2.1 Module

The CAPI questionnaire comprises modules that contain a list of all the questions, answer options, and the routing conditions or 'rules' which govern when a particular question should be asked. In general, the heading of each module summarises the topics covered and gives the module title.

1.2.2 Questions and answers

In CAPI, rather than being numbered, questions are given a unique name which is usually derived from the content of the question. Question names are identified by their bold formatting and the different font type. The text of the question that should be read out by the interviewer is displayed in lower case, with the end of the question usually indicated by a question mark.

At most questions, the respondent chooses his/her answer(s) from a pre-defined list which is either read out to him/her by the interviewer or which he/she reads from a show card presented by the interviewer.

At other times the respondent is not offered a pre-defined choice of answer categories. Instead the interviewer codes their spontaneous response into a pre-defined list of answers.

Alternatively the interviewer may be asked to record the verbatim answer, which then appears in a 'STRING' rather than 'Number'. At 'STRING' answers, the number of characters allowed is limited (although interviewers can, where necessary, enter more characters in an electronic memo). For instance, in the documentation 'STRING60' indicates that a maximum of 60 characters is allowed. At 'OPEN' questions, there is no limit on the number of characters. Interviewers may also be asked to enter answers in the form of a date, time or number.

Questions at which a pre-defined list of answers are given can be split into two types: single-coded and multi-coded. Single-coded questions allow only one answer category to be chosen – unless otherwise stated, the question is single-coded. Multi-coded questions are usually identified by a note to the interviewer to 'CODE ALL THAT APPLY' and allow more than one answers to be recoded. At some multi-coded questions, one of the answers may be an 'exclusive code'. This means that if this answer is chosen, no other answers may be chosen at the same time. If this answer is chosen alongside other answers, CAPI activates a check.

Unless otherwise stated all questions also allow 'Don't Know' and 'Refusal' answers to be entered. Where these are not allowed, it is stated below the answers.

We also use a long box at the beginning of some sections to indicate that the questions in the section were answered about by the main respondents and/or by the partners. The same method is also used to indicate the section of repeated questions about a particular event or about multiple cohort children in the household.

In the Early Education, Schooling and Childcare module, there are a number of places where interviewers ask for the name of a school (e.g. the school the child is currently attending, their first choice school, second choice, and so on). To facilitate the process of recording accurate and complete school information, CAPI includes a database (or look-up table) which contains the names and addresses of all UK schools. Each school in the look-up table has a unique reference number (URN). Interviewers are asked to enter partial information of the school (e.g. school name and town) and use this to search the look-up table which will then list close matches. The interviewer then selects the correct match from the list. The CAPI then displays (at the DISPSCH - display school - question) the school name and address selected and interviewers are asked to confirm that they have selected the correct match.

1.2.3 Routing instructions

Routing instructions are fully detailed in italics at appropriate points. The routing condition is both explained in words and given in terms of the logical command. The expressions '<' ,'=', '>' are used to denote 'less than', 'equal to' and 'more than' respectively. The term '<>' means 'not equal to'. The routing condition is displayed immediately before the first question to which it applies and is indicated by an 'IF' statement. The end of the influence of a particular routing condition is indicated by an 'END OF FILTER' instruction.

In the routing statements variables or questions will be referred to. If the question is from another module, then the question name will be prefixed by the module name. For instance, 'HHQre.ADSA = 2' indicates that the question ADSA is in the module 'HHQRE' (the household questionnaire module).

Additionally, if the routing uses 'feed forward' information from a prior interview, that variable will be referred to with the prefix 'FF' (for 'Feed Forward'). Thus 'FF.Wkst' refers to the variable Wkst (working status) at a prior interview.

1.2.4 Textfill

In some cases the text of a question may be varied automatically to take account of the particular circumstances of the respondent using a 'textfill'. These possible different wordings are defined along with the circumstances in which they are used. In other words, textfills are used to tailor the question wording to the respondent's circumstances. Textfills are preceded by '[^' and followed by ']'. When more than one possible textfill appears within a question, they are separated by '/' .

For example, reference to the name of the cohort child or other persons in the household will be documented as [^Cohort child's name] and [^Name of person] respectively.

There are some other common textfills that are used repeatedly throughout the questionnaire:

- [^he / she], [^his / her] refer to gender and should be read accordingly
- [^Date of last interview] refers to the day, month and year of the previous interview e..g. '15th of June 2006'.

1.2.5 Checks

An advantage of CAPI questionnaires is that checks can be included in the program to alert interviewers when an unlikely or impossible response has been entered.

'Hard' checks can be used to prevent logical inconsistency (for example so that a child cannot be older than his / her parents). In such circumstances, a warning screen is activated to alert the interviewer to the problem. The interviewer cannot bypass hard checks - they must identify the problem and resolve the discrepancy before proceeding.

'Soft' checks are used to bring improbabilities to the attention of the interviewer. For example, if the weight of the child is higher or lower than expected. In such situations the interviewer is instructed to investigate the improbable answer and make any necessary corrections. If the interviewer is confident that the information given is correct, they may suppress the warning and continue with the interview.

Most modules contain checks so that interviewers can resolve/check them with the respondents during the course of interview. Checks are referenced at the question at which they occur (e.g. Check FC1) and specified in detail at the end in this documentation.

1.2.6 Help screen

Some modules contain a help screen, which is a text box providing additional information to facilitate defining and coding answers during the interview. The help screen is activated by the interviewer by pressing F9. Help screens are indicated and described at the question at which they occur.

1.2.7 The Code Book

At some questions in CAPI, respondents are given the opportunity to choose an 'other' answer and have this answer entered as STRING or OPEN text by the interviewer. Coding of these texts was conducted in the post-fieldwork data work, and this often involved creating additional codes for questions. Details of the coding can be found in the accompanying 'Code book'. The questions affected are indicated in the documentation at the questions themselves, with the statement 'Please refer to the code book'.

1.2.8 Income information and unfolding brackets

A feature of the income questions (gross, net and usual) in MCS3 is the use of unfolding brackets. Income information is collected by initially requesting an exact answer and then following up with a series of what are referred to as "unfolding brackets". Unfolding brackets operate by asking respondents who are unable or refuse to give an exact answer a series of follow up questions designed to elicit a minimum and maximum number defining a range or "closed band" within which the value lies. Unlike conventional brackets, respondents are not presented with a list of ranges within which to place themselves. Instead, on entering the unfolding brackets, respondents are asked to say whether they have more, less or about the same as a particular value. This question is repeated using different values (which will be a lower or higher number depending on the answer to the preceding question).

The procedure stops at the point when either an upper and lower bound is provided, the respondent refuses or says "don't know", or the respondent places themselves in the top bracket.

The unfolding bracket questions are randomly ordered for each respondent such that any possible 'anchoring' effects (i.e. where people use the suggested figure as a reference point and make adjustments to it to reach their answer) from the procedure are averaged across the distribution, and the bracket values are selected on the basis of the density of the underlying financial variable.

1.3 Example: documentation

The long box that indicates the question is part of the Main respondent interview.

Main Respondents Only

Question (variable) name

Text of question (including any interviewer notes in capital letters of smaller size)

ROMA
How many rooms do you or your family have here, excluding bathrooms, toilets, halls and garages?
ENTER NUMBER OF ROOMS
Range: 1..97

Answer options – indicates that the interviewer should enter a number in the range 1 - 97

Precedes questions put to a defined subgroup of respondents: described first in words, then by the logical condition

IF partner regularly looks after cohort child [ParC = 1]
|
| **PARH**
| About how many hours per week is [^Cohort child's name] looked after by
| your [^husband/wife/ partner]?
| Range: 0..168
|
END OF FILTER

Textfills, preceded by "[^" & followed by "]". [^Cohort child's name"] inserts the name of the cohort child

Indicates the end of questions put to the defined subgroup

Indicates the show card being shown to the respondent

SFDA
SHOW CARD G2

(During the past 4 weeks), how much difficulty did you have doing your usual work, college or other daily activities because of your physical health?
1 None at all
2 A little bit
3 Some
4 Quite a lot
5 Could not do

Pre-defined answer categories (precodes)

1.4 Example: help screen

MOAD
Now some questions about where you and [^Cohort child's name or twins names etc] live. When did [^Cohort child's name or twins names etc] move to this address?

PROMPT IF NECESSARY: You said earlier that [^Cohort child's name or twins names etc] moved out of the address where [^he / she/ they] was living at the last interview [^date moved out of address at last interview]

INTERVIEWER: FIRST ENTER YEAR

IF RESPONDENT UNSURE OF MONTH SEE HELP <F9>

Range: 1920..2050

HELP SCREEN

IF RESPONDENT DOESN`T KNOW MONTH ASK : Was it Winter, Spring, Summer or Autumn? AND ENTER MID-SEASON MONTH

Mid-season months:
Winter: Feb (2)
Spring: May (5)
Summer: August (8)
Autumn: Nov (11)

1.5 Example: code book

EYEP
Has [^Cohort child's name] ever had any [^other] problem(s) with [^his/her] eyesight or [^his/her] eyes?
1 Yes
2 No

IF cohort child has ever had eyesight problems [Eyep = 1]
|
| **EYEX**
|
| INTERVIEWER: PROBE FOR DETAIL AND WRITE DOWN [^first/second/third]
| PROBLEM AS RESPONDENT REPORTS IT
| String255
|
| Please refer to the code book
|
END OF FILTER

Indicates that the interviewer should type in the respondent's verbatim answer with a limit of 255 letters

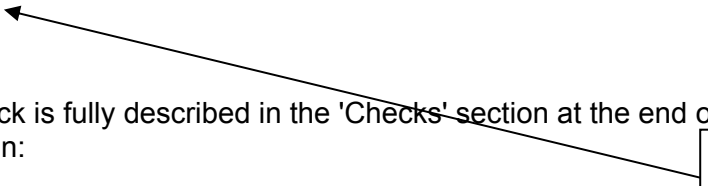
The code book shows the names of the variables and the codes used when the information was 'backcoded' after being collected

1.6 Example: checks

In the main body of the documentation the check is referenced as follows:

OTPM
How many other places have you lived at?
Range: 1..97

CHECK HA3



Indicates a check which interviewer needs to confirm with the respondent

Then the check is fully described in the 'Checks' section at the end of the documentation:

CHECK HA3

IF number of places lived at since last interview answered [Otpm=RESPONSE]

|
| *IF the number of places is greater than 8 [Optm>8]*
| |
| | That seems rather a lot (^Optm).
| | Please check and amend if necessary.
| |
END CHECK

ASK RHIS IF THERE IS A GAP IN RELATIONSHIP HISTORY
[Uses RELY/RELM and REPY/REPM; or RESY/RESM & REEY/REEM to establish if there is a gap]

RHIS
When we interviewed you last time [^date], [^Cohort child's name or twins names etc] was living [^with you as a lone-parent household / with you and <name of partner>], and that situation ended in [^date taken from REPY/REPM or RESY/RESM].

You've also just mentioned that [^Cohort child's name or twins names etc] is currently living [^with you as a lone-parent household / with you and <name of partner>], and that this period began in [^date taken from RELY/RELM or REEY/REEM].

I'd like now to ask you about [^Cohort child's name or twins names etc]'s situation between those two dates, that is between [^date taken from REPY/REPM or RESY/RESM] and [^date taken from RELY/RELM or REEY/REEM].
1 Press 1 and <Enter> to continue.

REPEAT <RFAM> TO <RPRM> FOR EACH RELATIONSHIP UNTIL COVER PERIOD TO LAST INTERVIEW

RFAM
Prior to the [^current situation] (that is before [^date taken from RELY/RELM or REEY/REEM or RPRY/RPRM]), was [^Cohort child's name or twins names etc] living in a two-parent family or a lone parent family?

INTERVIEWER: A RELATIONSHIP HAS CHANGED IF ONE PERSON HAS CHANGED, THEREFORE IF:
- A DIFFERENT LONE-PARENT TO CHILD
- MOVED FROM LONE-PARENT TO TWO-PARENT
- MOVED FROM TWO-PARENT TO LONE-PARENT
- STILL IN TWO-PARENT, BUT NOT SAME TWO PARENTS

1 Two Parent
2 Lone Parent

IF lone parent or two-parent at <RFAM> ask for details of first person [RFAM = 1,2]
|
| **RPNA**
| Who was that/ Who were they?
|
| INTERVIEWER: FIRST/ THIS PERSON IS TYPICALLY SOMEONE IN HOUSEHOLD
| NOW - ENTER THEIR PERSON NUMBER, OR 97 IF NOT IN HOUSEHOLD
|

STSC
Has [^Cohort child's name] started [^primary one / reception class (textfill determined by HHQRE.COUNTRY)] at school?

INTERVIEWER: CODE 'No' IF CHILD GOES TO NURSERY SCHOOL OR NURSERY CLASS. ASK OR CODE.

(SEE HELP <F9> FOR MORE INFORMATION ON RECEPTION CLASS AND SCHOOL STARTING REGIMES)

1 Yes
2 No

HELP SCREEN

IN ENGLAND AND WALES, RECEPTION CLASS IS THE FIRST COMPULSORY YEAR OF SCHOOLING AND CHILDREN WILL START RECEPTION CLASS IN THE ACADEMIC YEAR THEY TURN 5. FOR THE OVERWHELMING MAJORITY OF THE CHILDREN IN THE STUDY LIVING IN ENGLAND AND WALES, THIS IS 2005-2006. IT IS THE YEAR BEFORE `YEAR 1`.
IN ENGLAND, RECEPTION CLASS IS THE SECOND YEAR OF THE FOUNDATION STAGE OF THE NATIONAL CURRICULUM. IN A FEW AREAS IN ENGLAND, RECEPTION CLASS MAY BE REFERRED TO AS `FOUNDATION STAGE 2` OR `FS2` BUT THIS IS VERY UNCOMMON. ADMISSIONS POLICY ON WHICH TERM CHILDREN START SCHOOL VARIES BY LOCAL EDUCATION AUTHORITY. BUT THE MAJORITY OF CHILDREN STARTED IN SEPTEMBER 2005 AND A MINORITY IN JANUARY 2006.

IN A FEW LOCAL AUTHORITIES, CHILDREN BORN LATER MAY NOT START UNTIL APRIL 2006, BUT THIS IS VERY UNCOMMON. INCREASINGLY CHILDREN WILL START SCHOOL FULL-TIME IN THE FIRST TERM OF RECEPTION CLASS (GENERALLY AFTER ONE OR TWO WEEKS OF PART-TIME ATTENDENCE TO GET THEM USED TO THE SCHOOL). HOWEVER EVEN WITHIN THE SAME LEA SCHOOLS HAVE DIFFERENT POLICIES ABOUT HOW THEY ADMIT THEIR RECEPTION CHILDREN. IT IS STILL VERY COMMON FOR RECEPTION CHILDREN TO ATTEND PART-TIME UP UNTIL THE HALF TERM OF THE FIRST TERM. OR LESS COMMONLY TO ATTEND PART-TIME FOR THE ENTIRE FIRST TERM. SOME SCHOOLS ALSO STAGGER THE INTAKE SO THAT YOUNGER CHILDREN REMAIN PART-TIME FOR LONGER. THERE IS NO ONE WAY OF HANDLING RECEPTION INTAKE. SOME CHILDREN GO TO A NURSERY SCHOOL OR NURSERY CLASS BEFORE STARTING RECEPTION CLASS AND SOME OF THESE CHILDREN MAY ATTEND A NURSERY SCHOOL OR CLASS ON THE SAME SITE AS THE PRIMARY OR INFANT SCHOOL WHERE THEY ATTTEND RECEPTION CLASS.

IN NORTHERN IRELAND PRIMARY ONE IS THE FIRST YEAR OF COMPULSORY SCHOOLING AND MOST CHILDREN START IN THE ACADEMIC YEAR THEY TURN 5. CHILDREN BORN IN JULY AND AUGUST, START SCHOOL IN THE ACADEMIC YEAR THEY TURN 6. APPROXIMATELY HALF THE CHILDREN IN THE STUDY LIVING IN NORTHERN IRELAND (THOSE BORN BETWEEN 1ST SEPTEMBER 2000-JULY 2ND 2001) START SCHOOL IN THE ACADEMIC YEAR 2005-2006 (USUALLY STARTING IN SEPTEMBER 2005) AND ALMOST ALL OF THE REMAINDER IN THE ACADEMIC YEAR 2006-2007 (USUALLY STARTING IN SEPTEMBER 2006). SOME CHILDREN GO TO A NURSERY SCHOOL OR NURSERY CLASS BEFORE STARTING PRIMARY. ONE AND SOME OF THESE CHILDREN MAY ATTEND A NURSERY SCHOOL OR CLASS ON THE SAME SITE AS THE PRIMARY OR INFANT SCHOOL WHERE THEY ATTTEND PRIMARY ONE.

IN SCOTLAND, ‘PRIMARY ONE’ IS THE FIRST YEAR OF COMPULOSRY SCHOOLING AND CHILDREN USUALLY START PRIMARY ONE IN THE AUGUST WHEN THEY ARE AGED BETWEEN FOUR-AND-HALF AND FIVE-AND-HALF. CHILDREN MUST START IN THE AUGUST AFTER THEIR FIFTH BIRTHDAY. CHILDREN BORN BETWEEN SEPTEMBER-FEBRUARY ARE ABLE TO START SCHOOL IN THE AUGUST BEFORE OR THE AUGUST AFTER THEIR FIFTH BIRTHDAY. MOST CHILDREN IN THE STUDY BORN BETWEEN 1ST SEPTEMBER 2000 -1ST MARCH 2001 WILL START SCHOOL IN THE AUGUST BEFORE THEIR FIFTH BIRTHDAY, AUGUST 2005. MOST OF THOSE CHILDREN IN THE STUDY BORN ON OR AFTER 1ST MARCH 2001 WILL START SCHOOL IN AUGUST 2006. SOME CHILDREN GO TO A NURSERY SCHOOL OR NURSERY CLASS BEFORE STARTING PRIMARY ONE AND SOME OF THESE CHILDREN MAY ATTEND A NURSERY SCHOOL OR CLASS ON THE SAME SITE AS THE PRIMARY OR INFANT SCHOOL WHERE THEY ATTEND `PRIMARY ONE`.

MAIN RESPONDENTS ONLY

IF NOT started reception class [StSc =2]

NOWH
Why has [^Cohort child's name] not started [^primary one / reception class (textfill determined by HHQRE.COUNTRY)]?
1 Home schooled
2 Not old enough
3 In hospital
4 Not able to due to health problem/disability
95 Other reason (specify)

ASK SLCH TO TRIA ONLY IF CHILD HAS STARTED RECEPTION CLASS/PRIMARY ONE
(textfill determined by HHQRE.COUNTRY)

IF Country is England, Wales or Northern Ireland [HHQre.Country <> 3]

SLCH
Thinking now about when [^Cohort child's name] started [^primary one / reception class (textfill determined by HHQRE.COUNTRY)].
For most schools, parents apply for a place for their child through the [^local education authority/ education board (textfill determined by HHQRE.COUNTRY)].
This involves completing a form with the names of up to 3 choices of school and sending this to the [^local education authority/ education board (textfill determined by HHQRE.COUNTRY)].
Did you apply for a school place for [^Cohort child's name] in this way?

THESE FORMS ARE SOMETIMES OBTAINED BY PARENTS DIRECTLY FROM THE SCHOOL AND THEN SENT TO THE [^local education authority/ education board (textfill determined by HHQRE.COUNTRY)].
THIS IS MORE COMMON IF CHILDREN ARE ALREADY ATTENDING A NURSERY SCHOOL OR CLASS AT THE PRIMARY/INFANTS SCHOOL
1 Yes
2 No

IF applied to primary school via LEA form [SLCh = 1]

SCFS
Is the school that [^Cohort child's name] [^is currently at/ started reception class at], the school that you put as first choice on the form?

INTERVIEWER: IF RESPONDENT APPLIED TO MORE THAN ONE [^local education authority/ education board], ANSWER ABOUT THE [^local education authority/ education board] IN WHICH THE CHILD IS ATTENDING SCHOOL.
1 Yes
2 No

IF current reception class/reception class started at was NOT first choice OR reception class started at was first choice AND school currently at is NOT school started a [SCfs = 2 OR (SCfs = 1 AND ScOn = 2)]

FSTN
What is the full name of the school that you put as first choice on the form?

IN THE NEXT FEW QUESTIONS COLLECT SCHOOL NAME, TOWN, POSTCODE AND [^local education authority/ education board] AS FAR AS IS KNOWN, THEN LOOK UP FULL NAME AND ADDRESS ON DATABASE

SCOTLAND - SCHOOL CHOICE QUESTIONS

IF Country is Scotland [HHQre.Country = 3]

SCCH
Thinking now about when [^Cohort child's name] started primary one.
Most parents are allocated a place at a primary school for their children by the local education authority but some parents may request a place at a particular school. Did you request a place at a particular school for [^Cohort child's name] or was [^he/she] allocated a place at a school by the local education authority?
1 Requested a place
2 Allocated a place
3 Neither

IF REQUESTED a place at primary school [ScCh = 1]

SCRE
Is the school that [^Cohort child's name] [^is currently at/ started reception class at (textfill determined by SCON)], the school you requested a place at?
1 Yes
2 No

IF school requested a place at is NOT school started/currently at [ScRe = 2]

REQN
What is the full name of this school?

IN THE NEXT FEW QUESTIONS COLLECT SCHOOL NAME, TOWN, POSTCODE AND [^local education authority/ education board] AS FAR AS IS KNOWN, THEN LOOK UP FULL NAME AND ADDRESS ON DATABASE

ENTER NAME OF SCHOOL
String60

REQTOWN
What is the name of the town, city or village that this school is in?

ENTER TOWN, CITY OR VILLAGE
OR JUST PRESS THE ENTER KEY IF NOT KNOWN
String40

REQP
What is the postcode of this school?

ENTER POSTCODE OR PART OF THE POSTCODE OF SCHOOL IF KNOWN
OR JUST PRESS THE ENTER KEY IF NOT KNOWN
String10

CHIN
I'd now like to ask some questions about [^Cohort child's name]'s health.
1 Press 1 and <Enter> to continue.

CGHE
In general would you say [^Cohort child's name]'s health is .. READ OUT ...
1 ... excellent,
2 very good,
3 good,
4 fair,
5 or, poor?

CLSI
I'd now like to ask about any longstanding health conditions that [^Cohort child's name] may have.

Does [^Cohort child's name] have any longstanding illness, disability or infirmity?
By longstanding I mean anything that has troubled [^Cohort child's name] for a period of time or is likely to affect [^Cohort child's name] over a period of time.
1 Yes
2 No

CLSX TO CLSM REPEATED FOR UP TO 3 LONGSTANDING ILLNESSES

IF has longstanding health condition [Clsi = 1]
|
| **CLSX**
| What is the matter with [^Cohort child's name]?
|
| INTERVIEWER: PROBE FOR DETAIL AND WRITE DOWN [^first/second/third]
| PROBLEM AS RESPONDENT REPORTS IT
| String255
| Please refer to code book
|
| **CLSM**
| Does [^Cohort child's name] have any other longstanding illness, disability or infirmity?
| 1 Yes
| 2 No
|
END OF FILTER
[Responses to CLSX are coded to ICD-10]

IF has longstanding health condition [Clsi = 1]
|
| **CLSL**
| [^Does this illness/these illnesses or disability/disabilities] limit [^Cohortchild's name]'s activity
| in any way?
| 1 Yes
| 2 No
END OF FILTER

REPEAT EYEP TO EYES FOR UP TO 3 EYESIGHT PROBLEMS

EYEP
Has [^Cohort child's name] ever had any [^other] problem(s) with
[^his/her] eyesight or [^his/her] eyes?
1 Yes
2 No

IF cohort child has ever had eyesight problems [Eyep = 1]
|
| **EYEX**
| INTERVIEWER: PROBE FOR DETAIL AND WRITE DOWN [^first/second/third]
| PROBLEM
| AS RESPONDENT REPORTS IT
| String255
| ***[Responses to EYEX are coded to ICD-10]***
|
| **EYEN**
| Does or did it affect one or both eyes?
| 1 One
| 2 Both
|
| **EYEA**
| How old was [^Cohort child's name] when this problem was first suspected?
|
| ENTER AGE IN YEARS OR MONTHS OR AT BIRTH
| 1 Years
| 2 Months
| 3 At Birth
|
| *IF age given in years [Eyea = 1]*
| |

Parent’s Health (PH)

MAIN AND PARTNER RESPONDENTS

GENA
I would now like to ask about your health. How would you describe your health generally. Would you say it is ...READ OUT...
1 ... excellent,
2 very good,
3 good,
4 fair,
5 or poor?

SFPH
SHOW CARD G1

For the next few questions, please answer about the past 4 weeks.
During the past 4 weeks, how much did physical health problems limit your usual physical activities (such as walking or climbing stairs)?
1 Not at all
2 Very little
3 Somewhat
4 Quite a lot
5 Could not do

SFDA
SHOW CARD G2

(During the past 4 weeks), how much difficulty did you have doing your usual work, college or other daily activities because of your physical health?
1 None at all
2 A little bit
3 Some
4 Quite a lot
5 Could not do

SFBP
SHOW CARD G3

(During the past 4 weeks), how much bodily pain have you had?

INTERVIEWER:
IF ASKED, INCLUDE ANY TYPE OF BODILY PAIN, INCLUDING HEADACHES
IF ASKED, RESPONDENT SHOULD CONSIDER BOTH SEVERITY AND FREQUENCY OF PAIN
1 None
2 Very mild
3 Mild
4 Moderate
5 Severe
6 Very severe

SFEN
SHOW CARD G4

(During the past 4 weeks), how much energy did you have?
1 Very much
2 Quite a lot
3 Some
4 A little
5 None

SFPE
SHOW CARD G5

(During the past 4 weeks), how much did your physical health or emotional problems limit your usual social activities with family or friends?
1 Not at all
2 Very little
3 Somewhat
4 Quite a lot
5 Could not do

SFEM
SHOW CARD G6

(During the past 4 weeks), how much have you been bothered by emotional problems (such as feeling anxious, depressed or irritable)?
1 Not at all
2 Slightly
3 Moderately
4 Quite a lot
5 Extremely

SFEP
SHOW CARD G7

(During the past 4 weeks), how much did personal or emotional problems keep you from doing your usual work, college or other daily activities?
1 Not at all
2 Very little
3 Somewhat
4 Quite a lot
5 Could not do

HEYR
SHOW CARD G8

Compared to one year ago, how would you rate your health in general now?
1 Much better now
2 Somewhat better now
3 About the same
4 Somewhat worse now
5 Much worse now

LOIL
Do you have a longstanding illness, disability or infirmity. By longstanding I mean anything that has troubled you over a period of time or that is likely to affect you over a period of time?
1 Yes
2 No

IF has a longstanding illness [Loil = 1]
|
| **LOLM**
| Does this (do these) illness(es) or disability/ies limit your activities in any way?
| 1 Yes
| 2 No
|

Cognitive Observations (HO)

COMPLETED BY INTERVIEWERS

INSI

INTERVIEWER: COMPLETE THESE ITEMS AFTER YOU HAVE LEFT THE RESPONDENTS HOME AND AS SOON AFTER COMPLETING THE CHILD COGNITIVE ASSESSMENT AS POSSIBLE.

IF THE CHILD COGNITIVE ASSESSMENTS WERE NOT STARTED, DO NOT COMPLETE THESE ITEMS
1 Press 1 and <Enter> to continue.

REPEAT QUESTIONS FOR EACH COHORT CHILD

TVNS

About the conditions of [^Cohort child's name]'s cognitive assessment. First, some questions on background noise and disturbances.

During the assessments was there …..
1 No noise from television/radio/stereo
2 Moderate noise from television/radio/stereo
3 Loud noise from television/radio/stereo
4 Not observed/DK

CONV
([^Cohort child's name] : During the cognitive assessments)

Was there…
1 No background conversation
2 Audible but not loud background conversation
3 Loud background conversation
4 Not observed/DK

BACC
([^Cohort child's name] : During the cognitive assessments)

Was there…
1 No background noise and disturbances from other children
2 Some background noise and disturbances from other children
3 A lot of background noise and disturbances from other children
4 Not observed/DK

ENTR
([^Cohort child's name] : During the cognitive assessments)

Was there...
1 No-one entering/leaving the room
2 Someone entering/leaving the room once or twice
3 Someone entering/leaving the room 3 or more times
4 Not observed/DK

ENTH
([^Cohort child's name] : During the cognitive assessments)

Was there…
1 No-one entering/leaving the home
2 Someone entering/leaving the home once or twice
3 Someone entering/leaving the home 3 or more times
4 Not observed/DK

INTC
([^Cohort child's name])

Now some questions about actual interruptions to the cognitive assessments.
During the assessments were there ...
1 No interruptions by another child
2 1-2 interruptions by another child
3 3 or more interruptions by another child
4 Not observed/DK

INTA
([^Cohort child's name] : During the cognitive assessments)

Were there…
1 No interruptions by other adult(s)
2 1-2 interruptions by other adult(s)
3 3 or more interruptions by other adult(s)
4 Not observed/DK

TIRC
[^Cohort child's name]

How was [^Cohort child's name] at the start of the cognitive assessments?
1 Very tired
2 A little tired
3 Wide awake
4 Not observed/DK

ASSC
[^Cohort child's name]

Is there anything else you would like to say about the circumstances of the cognitive assessments that may have affected [^Cohort child's name]'s performance?
1 Yes
2 No

IF interviewer wants to say more [ASSC = 1]
|
| **ASSX**
| [^Cohort child's name]
|
| What else would you like to say?
| String150
|
END OF FILTER

Checks

Checks: Household questionnaire (HH)

CHECK HH1

If interview date is answered [IntD=Response]
